WE ARE PROPHETS OF A FUTURE NOT OUR OWN

It helps, now and then, to take a step back and take the long view.
This is what we are about: we plant seeds that one day will grow.
We water seeds already planted, knowing that they hold future promise.
We lay foundations that will need further development.
We provide yeast that produces effects beyond our capabilities.
We cannot do everything and there is a sense of liberation in realising that.
This enables us to do something, and to do it very well.
It may be incomplete, but it is a beginning, a step along the way,
an opportunity for God's grace to enter and do the rest.
We may never see the end results, but that is the difference between the master builder and the workers.
We are the workers, not master builders,
Ministers, not messiahs.
We are prophets of a future not our own.
